## What is Excess Third Party General Liability coverage?

Excess Third Party Liability (ETPL) provides an additional layer of protection to supplement any personal liability you may carry for your "outdoor activities". In addition, this policy will provide primary coverage for covered "outdoor activities" where no other personal insurance applies. "Outdoor Activities" of an eligible member of the BC Wildlife Federation are specifically hunting, fishing, lawful shooting, archery, camping, hiking. **Please see below regarding coverage for ATVs, ORVs, and snowmobiles.**

ETPL insures against your Legal liability for unintentional bodily injury or property damage to someone other than yourself or your property and arising out of your personal actions. This coverage **does not** include accident benefits, so if members injure themselves during outdoor activities; this policy does **not** provide that coverage; it applies only to third parties.

## Where does this coverage apply?

The BCWF Excess Third Party Liability insurance covers a valid member of BCWF, anywhere in North America. For example, you can hunt in Alberta or shoot at a range in Washington State.

## Examples of what is not covered by Excess Third Party Liability insurance?

Losses arising from;

- Use, ownership or operation of any automobile or aircraft; Intentional injury or property damage;
- Business activities of any type; Any personal activity not specifically named in the policy documents.
- Property damage to your own property or property of others in your care, custody or control.
- Environmental impairment or pollution; Forest Fire Fighting Expenses;
